“ I had the pleasure of meeting Mrs.Dennis March 20th of 2012. That is when I started to work at knolls west. She was one of the first I noticed because of how elegant she looked. I worked there for almost 2 yrs Quitting my job this January..... I'm filled with sadness hearing this news today. I loved Margarite I loved her like family she would always talk me into her room and talk with her pray with her. Her faith in the Lord inspired me. She just was one in a million. Had a heart like no other. I went to Florida feb of 2014 to surprise my grandma for her birthday. Marguerite always reminded me of my grammie. I think because of their age and what amazing health she was in. My grammie has so much energy even till this day that lady can run circles around me. Anyway Marguerite mailed my grammie a birthday card and they would write back and forth to each other. Never had even meet. I know she Loved me and know she knew I loved her. Always eating the same thing hahahaha her bacon and toast in the am. with hot tea simple always so simple not one to complain about a thing. I have peace in my heart knowing she is with her son and husband whom she loved so much. I loved hearing her stories of how they meet and worked together in the factory and how he would give her extra punches on the card for each basket she finished. How she would sit on the tailgate of the truck with him and how Special he made her feel each and every day of her life.When my time was coming to a end there at knolls west I could tell things were not right I would go to her room and ask her if she was ok. I knew her so I could tell if something was not right. She would tell me she was not feeling well but not to worry. She would say she was ready.... =(I would reply with oh no dont say that. She says "Oh Trish I have had a long good life" and that she did. and im so happy I got to me a small piece of it. I will remember and love her forever. Trish Cottrell Victorville ca <3
